Merchants Pre-Employment Integrity Test™

America's Most Powerful Screening Tool
To Avoid High-Risk Employees

Merchants Pre-Employment Integrity Test™ is proven to reduce workers compensation rates by 60%, turnover rates by 30% while reducing theft, substance abuse, faking, excessive sick days, turnover, workplace violence, harassment, other lawsuit-causing and costly high-risk worker behaviors.

Merchants Pre-Employment Integrity Test™, available 24/7 is conducted online in just 15 minutes and available in 21 languages. It has been validated by two Cornell University studies and through case studies resulting from over 4 million uses of the test. Cornell's most recent study on pre-employment integrity testing demonstrates an ROI of 846%!

Merchants Pre-Employment Integrity Test™ is amazingly low in cost. For typically 30% less than the cost of a standard background screening, you can have the power of Merchants Pre-Employment Integrity Test working for you. The test can be operational in one day, with under an hour of staff time to learn the simple and easy online process. Merchants' high-tech backbone enables robust management reports.
