

Global Cash Pay Card

**Your First Transaction
Per Pay Period is Free.**

Use it Wisely!

How to Keep Your Fees to a Minimum

1. ATM Withdrawal.

Use a “Money Pass or an “Allpoint” ATM. Up to \$1,000 can be withdrawn in a 24 hour period. If it is your 1st transaction per pay period there is no fee. If not, fee is \$1.75 (still cheaper than getting a check cashed). To find an ATM go to www.globalcashcard.com. Many banks have “Money Pass” ATMs and many CVS and 7 Eleven stores have “Allpoint” ATMs. Don’t check your balance at the ATM. For free, you can set up two way texting, go online or call 866-395-9200 toll free.

2. Do Credit Transactions.

These are always free. Any place that accepts Visa, say credit (not debit) and there is no fee. Tip: a credit transaction ask for your signature and a debit transaction asks for your pin number.

3. Use Debit Transactions for Cash Back.

Use your debit (and PIN) at places that give cash back, like the grocery store.

4. Pay Bills Online.

No fees to use your VISA pay card to pay bills direct to merchants.
